CRUISE NEWSLETTER

UPDATED CRUISE INDUSTRY INFORMATION FOR THE PORT OF PROGRESO, YUCATAN, MÉXICO.

SMOOTH SAILING!

We are excited to be able to participate on behalf of the Government of Yucatan for the Port of Progreso, and are ready to meet with members of the global cruise industry community at Seatrade Cruise Global 2022, which will take place April 25-28 in Miami, FL.

We are sure it will be of great value to meet and speak with executives from various cruise lines, our friends at FCCA and tour operators, in addition to having the opportunity to establish new relationships with participants from all over the world.

Our aim is to demonstrate to our guests the positive changes we have made to port infrastructure and related tourism services since we restarted cruise operations in July 2021, showing how committed we are to constantly improving the port of Progreso and making the destination one of passengers' favorite ports of call, for all the cruise lines that include us in their itineraries.

We are confident that we are on the right track for visitor health and safety, in the meantime here are the latest Port of Progreso updates in this 16th newsletter.

PORT OF PROGRESO ACTIONS

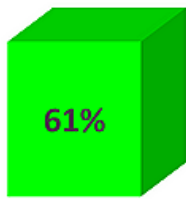

Friends of Health Compliance

The pandemic is ongoing, as are the efforts to control its effects. To contain the effects on tourism and the general population, the state of Yucatan still has in place mandatory health measures and protocols such as the use of face masks, social distancing, hand washing and sanitization.

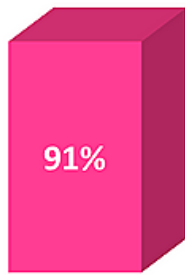

As an important part of maintaining the health of cruise ship passengers arriving in Progreso, as well as ensuring their safe return, is the observance of sanitary measures and protocols. This is supervised by Friends of Health, group of volunteers monitored by state and municipal authorities, continuously reminding visitors of the importance of wearing a face-mask correctly and respecting social distancing in all tourist areas of Progreso as well as the cruise terminal.
